Fort Wingate Depot Activity Restoration Advisory Board Meeting Scheduled

The public is invited to attend the next Fort Wingate Depot Activity Restoration Advisory Board meeting, hosted by Tooele Army Depot, on Wednesday, March 8, 2000. The meeting will begin at 7 p.m. and will be held at the Pueblo of Zuni Tribal Offices at 1203B State Highway 53 in Zuni, N.M.

Information that will be presented at the meeting includes an update of how the Ballistic Missile Defense Organization uses Fort Wingate, the results from the igloo study, and an update on the investigation to determine naturally occurring concentrations of metals at Fort Wingate.

The Restoration Advisory Board was established for Fort Wingate to act as a forum for the review of environmental restoration actions associated with Base Realignment and Closure activities. The intention of the board is to promote community awareness by inviting the public to comment throughout the restoration process.

For directions to the meeting location, call (505) 782-4481 and ask for the Office to the Governor. For further information about the environmental restoration, please write or call Larry Fisher at Tooele Army Depot, Environmental Office, ATTN: SIOTE-CS-EO, Building T-8, Tooele, Utah 84074-5002, (435) 833-3257.
